STATE OF CALIFORNIA
Fish and Game Commission

June 6, 2006

ALL AFFECTED AND INTERESTED PARTIES:

This is to provide you with a copy of a continuation notice of proposed regulatory action relative to Section 27.80, Title 14, California Code of Regulations. Please note the date of the public hearing related to this matter and deadline for receipt of written comments.

The Commission, at its May 4, 2006 meeting, took emergency action to amend the ocean salmon sport fishing regulations to conform with the regulations of the National Marine Fisheries Service. By law, emergency regulations may only remain in effect for 120 days. This is to notify you that the Commission is proposing to make the emergency regulations permanent and to allow ocean salmon sport fishing within the San Francisco Bay to remain open from April 1 through November 12 during any ocean closure.

Enclosed for your review is a copy of the Pre-adoption Statement of Reasons with the proposed regulatory language. You may submit written comments to the Commission office until 5:00 p.m. on June 20, 2006 (to allow time for transmittal to the meeting) or you may attend the June 23, 2006 meeting and submit written or oral testimony.

Sincerely,

Sherrie Koell
Associate Governmental Program Analyst
